Witcher, A. E. *Promoting Teachers as Participants in Policy Design.* 37(2): 88–90

Subjects

aggression, anticipating, 180–82; assessing behavior, 182; behavioral checklist, 181; warning signs, 182

Alternative Classroom Experience (ACE) program, 70–73

alternative education, at-risk education, 70–73; alternative schools, 60; charter schools. *See* charter schools; home schooling. *See* home schooling; magnet schools, 59; Reggio Emilia schools, 82–84; school voucher programs, 60–61; schools-within-schools, 59–60, 78–81

Arnold, Roslyn, interview, 183

block schedules, 133–35

brain-based learning, 166–167

character, building through kindness, 150–53

charter schools, 60, 74–77; challenges/obstacles, 75–76; role of founding board, 74–75; role of principal, 77; teacher's opinions of, 129–32; writing charters, 74–75

classroom management, in a creativity/problem solving environment, 34

Colonial education, 106–07

community in classroom, 111–15; benefits, 115; expressing emotions/thought with 'I' messages, 114–15; recognizing acts of kindness, 113–14; reinforcing good behavior, 114; student input, 113

computers, applications in K–12 classrooms, 24–25; classes for parents, 15; diverse classrooms, 26–29; online

courses, 36–37; teaching with World Wide Web, 13–16; technology infusion into teacher education, 22–25; Web-based conferencing, 17–21
Constructivist Theory, and teaching reading to special-needs students, 166–167
creativity, fostering in classrooms, 33–35
critical thinking, and media literacy, 8–12
cultural responsiveness, and use of technology in classrooms, 26–28
curriculum, block schedules, 133–35; curriculum compacting, 158; home schooling, 68–69; media literacy, 11–12
Deaf students, 173–76; Deaf culture, 174; Deaf vs. deaf, 174; in classrooms, 174–76
differentiated instruction, 156–59; factors for success, 159; principles, 156–58; strategies, 158–59
diversity, computer use within diverse classrooms, 26–29; effect on schools since mid-20th century, 109–10
empathic intelligence, 183–84
focus, reading vs. television, 5
gifted students, 168–72; as teachers, 170; equal education for, 170–71; teaching, 171–72
history of U.S. education styles, 106–10
home schooling, 63–66; college acceptance, 66; curriculum/pedagogical choices, 68–69; future of, 69; getting started, 54–55, 67–68; meeting students' needs, 54–55; methods, 64; parents' educational philosophy, 68; public school relationships, 65–66; resources, 64–65; Web resources, 65
inclusion, differentiated instruction, 156–59
Internet, applications in K–12 classrooms, 24–25; online courses, 36–37; teaching with World Wide Web, 13–16; technology infusion into teacher education, 22; Web-based conferencing, 17–21
libraries, establishing in classroom, 177–79
lying, building students' character with kindness, 150–53
media, reading vs. television, focus requirement, 5
media literacy, 8–12
multicultural classrooms, computer use within, 26–29
online courses, 36–37
parents, computer classes for, 15; cultural/linguistic considerations, 160–63; home school parents' philosophy, 68
policy design, teacher participation in, 88–90
preservice teachers, improving supervisory feedback, 126–28; school-university Web-based conferencing, 18–21; technology infusion into education, 22–25
problem solving, fostering in classrooms, 33–35
publishing research findings, 122–25
reading, teaching special-needs students, 164–67, vs. television, 5
reform, 19th century reform, 108–09; preventing undesirable change, 116–21
Reggio Emilia schools, 82–84; goals/philosophy, 82; project approach, 83–84; structure, 82–83
risk taking, Alternative Classroom Experience (ACE) education program, 70–73
school choice, 58–62; alternative schools, 60; charter schools. *See* charter schools; controversy, 61–62; home schooling. *See* home schooling, 58; impact of, 61; magnet schools, 59; school voucher programs, 60–61
schools-within-schools, 59–60, 78–81; interdisciplinary curriculum, 81; parent/community involvement, 80; preparation for future schooling, 80–81; staff development, 81
shared responsibility, and media literacy, 12
social promotion, ending, 30–32
social studies, curriculum applications of media literacy, 11–12
special-needs students, Deaf students, 173–76; differentiated instruction, 156–59; reading instruction, 164–67
students, attitude toward creativity/problem solving curriculum, 34; computer use within diverse classrooms, 26–29; ending social promotion, 30–32
teachers, and media literacy, 8–12; fostering creativity/problem solving, 33–35; opinions of charter schools, 129–32; participation in policy design, 88–90; teacher-driven reform, 118–19
technology, applications in K–12 classrooms, 24–25; computer use within diverse classrooms, 26–29; teacher education, 22–25; online courses, 36–37; Web-based conferencing, 17–21
television, vs. reading, 5
voucher programs, 60–61
World Wide Web. *See* Internet
